

NEWS UPDATE MAY 2018

WHOLESOME FUTURE WITH HOLCIM

We have finally put our 6th Holcim contracted truck on the road last week – this truck completes our Holcim branded fleet. We would like to thank Holcim for this exciting opportunity and look forward to continuing our long standing relationship with Holcim.

We are very appreciative to have the opportunity to work with Holcim, and cannot understate how their commitment to local businesses foster the growth of the local community and we are very excited to work together for many years to come.
